THE HOSPITALITY COLLECTION

OUR REPUTATION IN HOSPITALITY

Waterford, Wedgwood, Royal Doulton and Royal Albert (WWRD Pty Ltd) have a long and lasting history with the world-wide hospitality industry. The four brands have graced the tables of royalty and have featured in many international luxury hotels, restaurants, airlines and cruise lines around the world.

For centuries discerning clients have chosen Waterford, Wedgwood, Royal Doulton and Royal Albert products because of their timeless design and beauty, unfailing quality and exceptional specification enabling them to be fit-for-purpose in busy catering environments while still being the confirmation of 'good taste' when laid on the table.

We made rapid progress in the early years developing ground-breaking products, many of which are still available today. The classic bone china dinner plate for example, has been often copied but never surpassed and as fashions for unusual shapes come and go, items such as this still remain a best-seller.

In the 21st Century, we continue to be a leading force in the hospitality industry supplying superbly styled products to the elite of the market in over 160 countries around the globe.

O U R B R A N D S

WATERFORD

For centuries Waterford has captured light over and over again. In the hands of artists consumed by their craft, light has embraced, danced and cascaded through beautifully cut crystal. Sparkling radiance by day, seductive glamour by night, forever captivating with its timeless elegance. Waterford embraces versatility and enduring style. Inspired by the past, enriching the present, this is a collection that is unmistakably of its time.

WEDGWOOD

ENGLAND 1759

Josiah Wedgwood, the 'Father of English Potters', founded the company in 1759. From the beginning Wedgwood captured the consumers imagination and his wares were admired and purchased by some of the most wealthy and influential people of the time, from royal families through to maharajas and ambassadors. For over 250 years the name Wedgwood has been synonymous with luxury tableware and gifts worldwide.

ROYAL DOULTON

LONDON 1815

With a pedigree dating back to 1815, Royal Doulton has a rich heritage defined by diversity, innovation and links to London and its artists. Today the core values of the Royal Doulton brand are creative design and self expression. Royal Doulton embodies the relaxed, contemporary lifestyle of the young urban consumer.

ROYAL ALBERT

ENGLAND 1904

Royal Albert's passion for beautiful floral designs stretches back over 150 years. Inspired by the English country garden and the national flower, the rose, its quintessentially English grace, elegance and romance accounts for Royal Albert's timeless popularity.

HOTELS AND RESTAURANTS

Luxury hotels demand the best of all products and their tableware is no exception. Main Dining, Afternoon Tea, Room Service or Banqueting all have their different requirements. At WWRD, we have a complete understanding of these needs and our different tableware collections can be used in every environment. Furthermore, for an agreed minimum volume, we can provide a bespoke service based on the interior design of the establishment and the particular circumstances of intended use.

C R U I S E L I N E S

The cruise industry is a rapidly growing leisure market with emphasis at the luxury end for high class fine dining. WWRD supplies products for this sector which enables the 'art of the chef' to be presented in the most eye-catching way without losing the necessary inherent durability required for high volume catering of the highest degree.

A I R L I N E S

The airline industry is a very specialist sector of the hospitality industry. There is a great emphasis on weight, size and durability and huge savings to be made by increasing rotatable life, reducing weight and saving valuable storage space while still retaining aesthetic design supremacy. By working very closely with several major airlines, WWRD have developed a deep understanding of all the idiosyncratic requirements of this sector.
